hydracial

We are extremely excited to introduce Hydrafacial to the practice! HydraFacial is an award-winning, revolutionary, and anti-aging Hydradermabrasion Facial procedure that deeply cleanses, softly exfoliates, intensely hydrates, and reduces the appearance of fine lines on your skin. The HydraFacial Vortex-Infusion technology improves the quality of your skin tone and texture.

Its the year of destination wedding! Lauren is finally approaching her 3rd and final date (due to COVID) for her upcoming wedding in Cyprus this September, Catherine our associate dentist will also be saying 'I do' in August in Sorrento Italy and Chelsie is currently planning her wedding in Crete 2023. We wish them all best of luck with their special day!

The Clear Alternative to Braces

Invisalign is the process of wearing a series of clear, removable aligners that gradually straighten your teeth. No brackets and wires, and none of the restrictions that come with metal braces!

Book your free 15 minute consultation today.

Charity Fundraising

We would like to say a huge thank you to everybody who helped us raise money to donate to various charities over the last 12 months including, Radio City's Cash For Kids, Macmillan and Breast Cancer Now.

We raised £600 on our Macmillan Coffee morning, the team took part in a sponsored walk and various raffles which combined, raised £3500 for Radio City's Cash For Kids and we donated £500 to cover the costs of catering at a fundraising event that was raising money for Breast Cancer Now.

Upcoming Charity Events

We currently have scratch cards on sale in our reception where you have the chance to win various prizes such as, a Hydrafacial, teeth whitening and a scale and polish. We are also looking forward to running our Luxury Christmas hamper again this year, tickets will be on sale from the beginning of November.

More events to be arranged, so check out our social media for updates!

Introducing...

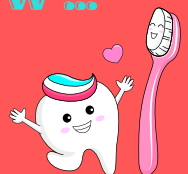

SmileFast is similar to composite bonding, but better!

SmileFast helps patients by guiding you through the treatment planning, allowing you to visualise your planned smile, understand the journey and then deliver life-changing results.

Did you know ...

Brushing after eating can cause damage to enamel. Brush your teeth before breakfast or wait 30 minutes afterwards

DO YOU HAVE MISSING TEETH?

At our practice we have Dr Cheung and Atif, who both place implants. Why not come along for a free 15 minute consultation, where they can discuss with you the process of treatment, to see if you are suitable for implants, discuss costs and answer any questions you may have.

Interest Free Finance Available

Dental treatment over £500?

Why not take advantage of our finance system and spread your cost from 6-60 months with no deposit required, complete a 5 minute form that will be sent via link and get an instant decision.

Smile today, pay tomorrow

Our Very Own Dental Technician

We are very excited to introduce Greg to Widnes Dental Practice, for the first time we will now have a dental technician on site. This means that patients will have face to face discussions with the dentist and technician throughout their appointments so that dentures can be tailor made to the highest standard. Our appointments will now be a lot quicker and denture repairs will also be ready sooner.
