

Book in for Zoom laser teeth whitening for a brighter, whiter smile!

"If only my teeth were as white as my legs"

June 2021

Throughout June we will be celebrating end of lockdown measures, its pride month, fathers day and the first day of summer!

Given the last 12 month, we have chosen to celebrate throughout June to lift everybody's spirits such as national selfie day, social media day, say something nice day and maybe even national beer day after our shift!

Skin & Body

We are excited to open our skin and body clinic back up April 12th!

Book in for your laser hair removal for a hair free, care free summer

GIVEAWAY

Google review us and automatically enter a prize draw to win a Oral B Electric toothbrush! We love hearing feedback from our patients.

Truly amazing practice. The staff are all fantastic, professional and really friendly Dr Cheung fixed my smile which I had been self conscious about for years, I couldn't recommend him and his team enough. I'll be coming back for all my dental needs for sure!!

A really excellent practice - very friendly & professional, all the staff are lovely and the service is first class. I have no hesitation in giving 5 stars and recommending that you give them a call to see how they can help you :)

Anti-wrinkle injections

£250

Composite Bonding Trend!

Composite bonding has become an extremely popular treatment lately with patients!

Composite bonding is a minimally invasive treatment, no drilling of the tooth required and is done in one sitting. It can give the effect of veneers at less than half the cost! We love giving patients confidence in their smiles. We offer edge bonding and full tooth bonding depending on the overall look you desire.

Staff News

Welcome Lily

We have a new team member who will be working on reception, Lily! Lily is our practice manager, Debbie's daughter.

Jasmin's Qualified

We would like to congratulate Jasmin on passing her exams and finally becoming registered with the GDC and a qualified Dental Nurse.

Chelsie's Engagement

A huge congratulations to Chelsie and her partner Kieron on their engagement! We are all looking forward to the wedding in 2023!

Lauren's 3rd and Final Wedding Date

Unfortunately due to the ongoing pandemic, Lauren and her partner Kevin have had to push their wedding in Cyprus back to September 2022! We are praying it will be 3rd time lucky.

Alumier^{MD}

All chemical peels at Skin & Body are part of the Alumier^{MD} medical grade skincare range. Chemical peels are designed to gently resurface the skin by removing dead skin, stimulating new collagen and cell production, as well as, reducing fine lines, wrinkles, scarring, pigmentation, and uneven skin tone. Each peel ingredient is designed for different skin conditions and problems. Acids used in our chemical peels include; lactic acid, salicylic acid and All peel procedures include a consultation prior to treatment to discuss your suitability to a specific peel or treatment. Once your peel has been completed you will receive a take home recovery skincare pack to use for the following 5 days post treatment at no additional charge.
